Subject: Litigation

Dear Mr. Ashcroft,

I wish to express my opinion regarding the Microsoft settlement that I thought was resolved in November. I wish to support this settlement in supporting Microsoft. Otherwise, no one will really benefit if this suit continues.

Microsoft is a fair company and has agreed to respect other companies in which is fair and lawful. This company has benefited so many people and consumers will be hurt by a continuing litigation. It has agreed to comply with disclosure for use by its competitors and internal interfaces for the windows operating systems.

Please support the settlement. Thank you so much.

Very truly yours,

Maryln Pedgrift
